3 Note No 221 of 26-6-06.

The monthly accounts and vouchers and hospital receipts connected therewith are received and audited by this office regularly and the audit objections are communicated to the President monthly by means of Objection Statements. I do not really understand what sort of audit is required in the present letter.

The President may therefore be asked to explain this meaning and he may be informed that the cost of the audit of undertakings should be paid for from the Municipal Revenues.
